

## POTENTIAL INSTALLATION

### BIG FACTORY

BIG MANUFACTURING FANS FOR FACTORIES AND MANUFACTURING FACILITING "FILL YOUR FACTORY WITH FRESH AIR AND INCREASE PERFORMANCE"

### WAREHOUSE

BIG FANS FOR WAREHOUSE AND DISTRIBUTION CENTRE. "COOL EMPLOYEES ARE MORE PRODUCTIVE"

### LARGE SHOP

LARGE INDUSTRIAL SHOP FANS "SMALL SHOPS & MISC. INDUSTRIAL SPACES"

### SCHOOL HALL

### AIRPORT

BIG FANS FOR AIRCRAFT HANGER "SEND COMFORT LEVELS SOARING"

### PUBLIC AREA

RESTAURANT / CAFE  
MOSQUE

### DISCOMFORT MAKES YOU PAY (LITERALLY)

WAREHOUSE OPERATIONS DEPEND ON EACH TEAM MEMBER'S SPEED AND ACCURACY TO GET THE JOB DONE, BUT WORKPLACE DISCOMFORT STEMMING FROM EXTREME TEMPERATURES AND POOR LIGHTING CAN CRIPPLE THEIR EFFICIENCY AND MOTIVATION, LEADING TO LOW THROUGHPUT AND HIGH TURNOVER.

### THE BATTLE AGAINST WORKPLACE HEAT

HEAT IS AN UNAVOIDABLE REALITY IN MANY MANUFACTURING PROCESS, BUT WHEN HARSH CONDITIONS HARASS YOUR WORKFORCE, THE RESULTS ARE LOST PRODUCTION, INCREASED ERRORS, EQUIPMENT MALFUNCTION, AND SAFETY RISKS.

# 5 YEARS

'5 YEARS OF WARRANTY'

MOTOR = 5 YEARS  
INVERTER = 2 YEARS

'FRESH AIR DRIVES  
FRESH THINKING'

## New Gearless Motor with Direct Drive System

Giant Fan Marketing (GFM), the X Series HVLS Fan is High Volume Low Speed Fan with remarkable power saving, fits both usage for indoors and outdoor. The fan diameter size is 2.4 - 7.3 meters to circulate air across an area up to 300 - 800 square meters. The X System is environment friendly, ideal for ventilation, cooling and naturalize humidity of air in large spaces.

### DEHUMIDIFICATION

Giant Fan effectively reduces humidity, moisture and bacteria by continually redistributing air. It helps improve air quality in factories and warehouse creating overall better environmental control.

### AIR CIRCULATION

The natural breeze produced by the Giant Fan increased air circulation accelerate the evaporation of sweat from the skin giving a person the sensation of being exposed to a lower temperature up to approximately 5 degree celcius.

### THE MOST SILENT GIANT FAN

This Giant Fan is ultra quiet during stable running. Only heard wild sound and it is strongly available applied at mosque and office.

"Safety isn't expensive, it's priceless."  
- Jerry Smith

### 5 Levels of Safety

High Torque motor installed to increase the safety of whole HVLS Fan  
Anti-vibration shock to ensure safety usage  
Collision with rope to prevent safety issue  
Drive mechanism equipped Magnesium alloy blade to ensure strength throughout blade  
IP 55 protection level to avoid dust ingress and water penetration

## ADVANTAGES OF USING HVLS FAN

- 1 Super Energy Saving  
Only consume RM 143.00 Monthly bill.
- 2 Natural Ventilation  
Great improvement ventilation with feel on natural air in surrounding.
- 3 Comfortable Working  
Will improve productivity and safety our staff.
- 4 Mighty Fan  
Robust and last longer than other. It is very difficult to broke down.

### Blade Colour Customization

We offer our customer to customize their own blade colour to suit their taste

## ADVANTAGES OF X Series

### READY SPARE PART

We have replacement parts accessible when the original part malfunctions or wears out. We also have proper maintenance service as important aspect of this industry. Processing great quality spare parts can offer several benefits across several levels of operation.

### ZERO SOUND

We have a very low cost for our giant fan. The price has always been, and will be always be, a significant indicator of quality, so making a high quality product affordable and suitable is not a negligible difference.

### SWEATING SLAB SYNDROME

Controlling the air in the room is not very difficult though. The thing is that most of the viruses such as influenza flourish in dry environment perfectly. So regulation of humidification will help you protect you and your kids from unwanted illnesses and reduce humidity, moisture and bacteria.

### HIGH QUALITY, LOW COST

Our giant fan is ultra quiet during stable running. Sound signature of less than 45dB. Giant fan operate silently and efficiently requiring no maintenance for years to come.
